

3G Jet Opaque, for Inkjet Printers

Designed for transferring inkjet images to black or dark garments and substrates. This product contains an opaque layer to hide the color of the substrate and allow for photo-quality transfers. This product can be cut with a cutter/plotter, die and kiss-cut.

Substrates include:

T-Shirts, sweatshirts, mouse pads, puzzles and leather goods.

**hand iron is NOT recommended however, may be hand ironed; the product will NOT be as durable when laundered.*

COMMERCIAL PRESS INSTRUCTIONS

PRINTING INSTRUCTIONS:

1. Print your design right-reading on the coated side of the paper. Do not mirror.
2. This paper will leave a white background for any unprinted areas.
Trim away unprinted areas if desired.

PRE-TRANSFERRING INSTRUCTIONS:

1. Pre-press the fabric for 5 seconds to remove any moisture or wrinkles.

TRANSFERRING INSTRUCTIONS:

1. Remove the backing paper from the printed image.
2. Place the printed image on top of the fabric with the image facing up.
It should be right-reading.
3. Completely cover the image with a teflon or parchment sheet.
4. Press for 30 seconds at 350°F using Medium Pressure.
5. Set the shirt aside to let it cool. Cold Peel off the paper baking in a smooth even motion.

WASHING INSTRUCTIONS:

- Leave finished item for at least 24 hours before washing.
- Fabrics may then be machine washed separately (inside out, DO NOT USE BLEACH or bleach additive detergent) in cold water.
- Do NOT use liquid fabric softener
- Dry at normal setting; do not dry clean.

We highly recommend viewing tutorial videos on Youtube for a demonstraion.
